PRICE TWO CENTS

## SYRUP OF FIGS

NEVER IMITATED IN QUALITY.

### An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, Syrup of Figs, manufactured by the California Fig Syrup Co., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the California Fig Syrup Co. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

## HE WAS AMBITIOUS

Neely Was a Far Seeing Chap According to Reeves' Story.

## THE ISLAND'S FUNDS

Were to Be Under His Control According to the Plans He Had Laid In Advance, Says Reeves.

He Would Be Treasurer When Rathbone Became Civil Governor and Reeves Auditor.

Havana, Jan. 11.—When the trial of the cases arising from the Cuban post office frauds was resumed in the Audiencia court yesterday, after having been adjourned Tuesday last on account of the illness of counsel for Charles F. W. Neely, W. H. Reeves, one of the defendants, was again called to the stand and testified regarding the stamp-burning incident. He said the stamps were not counted, and that Neely told him that Rathbone acquiesced in the whole matter.

The government has finished the examination of Reeves and today he is being cross-examined by counsel for Neely and Rathbone. It was evident throughout Reeves' testimony that the charge against all the defendants is based on Reeves' statements, for the fiscal conducted his examination question by question from a typewritten copy of the accusation, and Reeves' testimony substantiated the conclusions drawn in the accusation. Reeves said that Rathbone had appointed him chief postal accountant, but that he had originally been appointed to this position from Washington. He said that he had a conversation with Neely about the destruction of stamps, that Neely told him Rathbone was willing to do business, and that the stamps had been burned at the suggestion of Neely. Reeves, Marfield and Neely appointed a commission. Marfield did not know about the intended fraud. He figured up the amount of the value and marked each package of stamps, amounting to a total of \$210,000. Reeves testified that Neely made up a declaration and that some days afterward he, Neely and Marfield signed it. Rathbone, he said, ordered him to credit the amount on the books. Here Senator Lanza called attention to Reeves' statement in Assistant Postmaster Bristow's report that Reeves did not know fraud had been committed when he had made the credit in the books. Reeves refused to recognize the printed statement as his. Reeves said that before burning the last surcharged stamps, amounting to \$22,000, Neely told him that the amount credited for the first burning was wrong, and that there was \$15,000 to be divided up between him, Neely and Rathbone. Reeves testified that Neely told him that Rathbone had paid off a mortgage in Cincinnati with this money.

Shortly after this Reeves said that Rathbone, in referring to the burning of the stamps, said that it was an easy way to make money. He also said that Neely told him that Rathbone would be civil governor of Cuba, and that they would benefit thereby, because Neely would be treasurer of the island and Reeves auditor. Reeves also testified that Neely had credited \$12,000 in his own department in changing accounts to the North American Trust company and that he (Neely) had appropriated this amount.

Regarding Rathbone's trip to the United States in October, 1899, Reeves said that \$1,500 had been drawn for expenses and that Rathbone returned him \$673. He said that he thought Neely gave Rathbone \$480 of this amount, and that Neely said that Rathbone was hard up and that he would return it when he got an increase of salary. When the question of daily expense allowance came up, Reeves testified that he told Rathbone that in the absence of any instructions discontinuing this allowance he should continue it when Neely went to the United States. Reeves said further that just before his arrest Neely left an envelope containing \$4,000 upon his (Reeves) desk, telling him to fix up the accounts. Reeves said he afterward gave this money to General Wood, telling him that Neely had been stealing.

Cleveland Improving. New York, Jan. 11.—Former President Grover Cleveland is so far recovered from the effects of his recent attack of pneumonia as to have arranged for a hunting trip in the South. He will leave his home at Princeton, N. J., Jan. 22 for an island off the coast of South Carolina, where, with a party of friends, he will remain several days.

An Oklahoma Tragedy. Oklahoma City, O. T., Jan. 11.—W. T. Peoples, aged 45, one of the heavy cotton buyers in this section of the country, yesterday shot Eugene F. McLaughlin, aged 37, a clerk in a drug store, twice through the heart. Peoples refused to make a statement except to say that McLaughlin had ruined his life.

Boiler Let Go. Huntington, W. V., Jan. 11.—A boiler exploded with the lumber mill of Lewis Midkiff in the southern part of this county yesterday, killing three persons and injuring several others.

## OVATION FOR SCHLEY

Savannah Gives the Admiral a True Southern Welcome.

Savannah, Ga., Jan. 11.—Rear Admiral W. S. Schley, accompanied by Mrs. Schley, arrived in this city yesterday afternoon. The railroad station was thronged with people who waited patiently to greet the admiral, and as he alighted the cheering was deafening. Mayor Meyers and a delegation of aldermen extended the admiral a cordial welcome and asked his consent for a formal reception this afternoon at the city hall. The admiral agreed. Carriages were then taken to the residence of General W. W. Gordon, where Admiral and Mrs. Schley will visit for ten days. General Gordon was a member of the Porto Rico commission of which Admiral Schley was a member. In the evening Admiral and Mrs. Schley occupied a box at the theater where Mrs. Lillian Nordica sang. As the audience recognized the distinguished visitor there was enthusiastic cheering of such volume and persistence as to temporarily delay the performance. After an encore Mrs. Nordica crossed to the box and shook hands with Admiral Schley, while the audience stood and cheered. Upon the conclusion of the evening's bill, apparently the whole audience waited at the door and cheered the admiral as he entered his carriage and drove away.

## IT DIDN'T WORK

Clumsy Plot to Secure Prisoner's Release Was Discovered.

Helena, Mont., Jan. 11.—A plot to secure the release from the penitentiary of L. C. Livingston sent from Silver Bow county in April, 1900, for five years for forgery, has failed. The names of several prominent New York people were forged to the petition, which reported that Livingston came from the distinguished New York family of that name, and had served as a Rough Rider in Cuba. Among the names signed to the petition were Theodore Roosevelt, August Belmont, Hugh J. Grant, Thomas A. Edison, Jerome W. Astor, E. D. Morgan, Dr. Parkhurst and others in New York.

Governor Toole's suspicions were aroused by receiving a letter from President Roosevelt last June stating that he had learned of a clumsy attempt to forge his name to a petition for Livingston's pardon, and he therefore warned the governor. When the petition was received by the governor a few days ago he looked up the letter and decided to write to Dr. Parkhurst, August Belmont, Hugh Grant and others as to the genuineness of their signatures. All have denied signing the petition.

## Not Guilty.

Springfield, Ill., Jan. 11.—In the case of Henry C. Ritchfield and John R. Eberhart of Quincy, engineer and fireman respectively of the steamer Ida Mack, charged with burning the steamer City of Metropolis at Quincy on the night of July 21, 1901, while the steamer was in possession of Deputy United States Marshal Harry Swimmer, having been libeled by the Quincy Marine Ways and the Quincy Coal company, the jury in the United States court last evening returned a verdict of not guilty.

Of Interest to Mr. Cleveland. Washington, Jan. 11.—Representative Lovering of Massachusetts has introduced a bill providing a salary for ex-presidents of the United States at the rate of \$25,000 annually, from the date of retirement from the presidency. The bill is to apply to any ex-president living at the time the law is enacted.

## Wheat Yield.

Washington, Jan. 11.—The statisticians of the department of agriculture estimates the average yield per acre of wheat in the United States in 1901 at 14.8 bushels, as compared with 12.3 bushels in 1900, 12.3 bushels in 1899, 15.3 bushels in 1898, and 13.3 bushels the mean of the averages for the last ten years.

## Big Texas Blast.

Mount Vernon, Tex., Jan. 11.—Fire which started yesterday afternoon destroyed the Shields and the Hill hotels and six wholesale houses. The total loss is estimated at \$100,000, of which \$30,000 falls on Kaplan & Bro., dry goods. Total insurance about \$35,000.

Double Murder and Suicide. Galesburg, Ill., Jan. 11.—Ed Cheney, once a prisoner in the state penitentiary, fatally shot his wife and her sister, Mrs. Lettie Goshorn, last night, and then shot himself through the head, dying instantly. A domestic quarrel caused the tragedy.

## A WAY OUT OF IT

Chili May Not Have Her Feelings Hurt So Badly After All.

## CONCESSION IS MADE

Pan-American Conference Seeking to Settle Arbitration Question With Honor to All Sides.

Modification of the Rules of the Conference Proposed to Placate the Chilians.

Mexico City, Jan. 11.—It is believed that the arbitration difficulty in the Pan-American conference has finally been disposed of, though it is yet uncertain how the Chilians will act. The solution consists in the suppression of the final protocol, for which purpose a modification of the rules of the conference will be necessary. For this purpose a two-thirds vote will be needed, but it is already practically assured. The suppression of the final protocol is the only concession that will be made to the Chilians. Its significance is simply that the treaties approved by the conference will only bear the signatures of the delegations who adopt them. The final protocol would have to bear the signatures of all the treaties concluded by the conference, including that of compulsory arbitration signed by ten delegations. Therefore, as the Chilians would have had to sign the final protocol with the other delegations, they would have been placed in position of indirectly sanctioning the plan of compulsory arbitration. Now, however, if the final protocol is abolished this difficulty will be overcome and it is held that the Chilians will be evincing excessive sensitiveness if they persist in withdrawing. One of them when asked last night what they would do if the compulsory plan went to the conference in the form explained in the foregoing said that his delegation would act according to circumstances and instructions.

PRESIDENT ROOSEVELT OF CHILE.

Kind Words For Hill. Fargo, N. D., Jan. 11.—Yesterday was a great day at the Tri-State Grain and Cattlegrowers convention here, the two great features being the address of President J. J. Hill of the Northern Securities company and the adoption of resolutions commending Mr. Hill for his work on behalf of the Northwest. The resolutions were adopted almost unanimously by the convention prior to the arrival of Mr. Hill, and an attempt was later made to have these particular resolutions stricken out, but the attempt failed and the resolutions stand as the sense of the convention.

THE fact that O'Brien is a gold democrat is displeasing to many of the 16 to 1 crowd down this way. But the gold democrats are apparently in the saddle in the Indiana organization.

THE democratic state chairman is a national banker, therefore that part of the democratic orators' campaign speeches berating banks and bankers will have to be cut out lest it be regarded as personal to the chairman.

THE Indiana Republican Editorial Association will meet in annual session at Indianapolis January 23 and 24. This is the twenty-fifth annual session of this organization. At the banquet on the evening of the 23rd, Governor Durbin and Attorney-General Taylor will respond to toasts.

THE meeting of the Indiana Associated Dailies at Indianapolis Friday afternoon and evening was quite a successful meeting. This association is only a year old yet it promises to be one of the best. It is non-political, being purely a business association.

IN THE last four years New York state has appropriated \$670,000 for good roads to meet an equal sum provided by the various counties. Gov. Odell in his message calls attention to the fact that the careful maintenance of a good road when built is an essential part of the business.

THE work of preparing the World's Fair grounds for the buildings is going briskly on, and the site will soon present a changed appearance. A great deal of very important work will be accomplished before the beginning of spring, and then the task of putting up the buildings will begin. The factivity which is displayed on the grounds these days is encouraging. When the actual task of erecting the buildings sets in a few months hence Forest park will be a very lively spot. —St. Louis Globe-Democrat.

AN ELECTRIC railway from Seymour to Brownstown and on to Salem, and from there to West Baden is one of the possibilities of the next two or three years. It is a question that is being considered by a great many people along the probable route. Some are already firmly convinced that a line would pay and are willing to put money into it. They are talking it right along. This is evidently one of the best routes for an electric line in the southern part of the state. It strikes a territory that has rather poor railroad accommodations.

## POLITICAL GOSSIP.

The result of the primaries in Marion county Friday night makes sure the election of Floyd Woods as Seventh district committeeman without opposition.

Congressman Cromer won quite a victory in his own county of Delaware Friday in the local organization. George McCollough led the opposition.

Philip and Samuel Altman, of Surprise, were here this afternoon and gave the REPUBLICAN office a business call.

Miss Jennie Coleman, of Jefferson county, came here today to visit friends.

**CURE SICK HEADACHE**  
Headache, yet Carter's Little Liver Pills are equally valuable in constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver, and regulate the bowels. Even if they only cure one headache, they are worth the price.  
Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not grip or purge, but by their gentle action please all who use them. In bottles of 25 cents, 50 cents, and \$1.00. Sold by druggists everywhere, or sent by mail to CARTER MEDICINE CO., New York.  
Small Pill. Small Dose. Small Price.

## REPUBLICAN CONVENTION.

Precinct Committee men and District Delegates Chosen—A Splendid Meeting.

The republicans of Jackson township met at the school house this afternoon 1:30 to select ten precinct committeemen and five delegates and five alternates to the Fourth district convention, which will be held at North Vernon January 15. The council chamber was filled to overflowing with an enthusiastic body of republicans who are always ready to do service for the party.

Order was called by W. H. Burkley, township chairman and on motion he was made chairman and E. A. Remy, secretary.

The convention selected as delegates to the district convention at North Vernon: John M. Lewis, jr., Chas. Roeger, J. H. Hodapp, E. A. Remy and W. H. Burkley. As alternates: Geo. Slagle, Ben Schneck, John J. Cobb, A. H. Hoover and S. E. Carter.

The delegates were instructed to cast a solid vote for Hon. O. H. Montgomery for Fourth district chairman. Mr. Montgomery was called on and spoke briefly, thanking the convention for its action in his behalf.

John M. Lewis was called on and spoke briefly and to the point. He was followed by a few remarks by J. H. Hodapp.

The following precinct committeemen were chosen for Jackson township: 1st precinct, I. G. Saltmarsh; 2nd precinct, W. F. Bush; 3rd precinct, Charles Nicholson; 4th precinct, Chas. Roeger; 5th precinct, H. C. Dannettell; 6th precinct, L. W. Bartlett; 7th precinct, J. W. Massman; 8th precinct, Thos. Whitson; 9th precinct, Jno. L. Vogel; 10th precinct, C. D. Billings.

After adjournment the committeemen chosen met and organized by electing C. D. Billings, chairman, and H. C. Dannettell, secretary.

REDDING TOWNSHIP.  
The republicans of Redding township met at Rockford and selected the following committeemen:

Rockford, R. R. Short; Reddington, O. M. Amick; Delegate, J. A. Montgomery.

## January Delinctor.

The excellence and variety of the features presented by the February number of the Delinctor are typical of progressiveness of this favorite woman's magazine. The fashion matter is as timely as special correspondents at the world's most important fashion centres can make it. Ira D. Sankey continues the story of his tour, and his description of Holy Land. Prof. Anthony Baker, contributes the first series on Athletics for Women, the article dealing with Physical Culture at Home. Dr. Grace Peckham Murry introduces a series of articles on Child Training by describing the disposition and tendencies of everyday children. In the series of Notable Women Dr. S. R. Elliott gives some interesting glimpses of Charlotte Cushman. A finely illustrated article on the Treasures of Jewish Ceremonial is contributed by Waldon Fawcett. The story by Helen Choate Prince, Reflected Lights, has all the delicate charm of that author's work, and The End of a Resolve, by Margaret Williams Beardsley, is full of dramatic interest. A Disappearing Race is a profusely illustrated article treating of Poor Lo's saw and the papoose. In the household department Alice M. Kellogg deals in a practical way with floor coverings; Margaret Hall gives the first of her lessons in Cookery; and Anna W. Morrison illustrates a table attractively set for a Washington Lunch. The children's pages maintain their high standard. The other departments of the magazine have their usual interest.

## DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century, discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

## Indiana's Snake Farm

Indiana lays claim to the only snake farm in the world. It is located in Clinton county. Wiseman Bros. are the proprietors of this remarkable "farm." The snakes are killed for their oil the demand for which is many times greater than the supply.

Four years ago the two men started out with 400 snakes as an experiment. Today they have given up their former vocation of farming and devote all their time to the snake industry.

Last year they killed 100,000 reptiles for their oil. Next year they expect to slaughter twice the number. The garter snake and the common house snake are the principal kinds raised, they being the best oil producers and also more propagable and much harder. The snake oil is used for medicinal and lubricating purposes, being the finest lubricant known.

## Remarkable Cure of Croup.

A LITTLE BOY'S LIFE SAVED.  
I have a few words to say regarding Chamberlain's Cough Remedy. It saved my little boy's life and I feel that I cannot praise it enough. I bought a bottle of it from A. E. Steere of Goodwin, S. D., and when I got home with it the poor baby could hardly breathe. I gave the medicine as directed every ten minutes until he "threw up" and then I thought sure he was going to choke to death. We had to pull the phlegm out of his mouth in great long strings. I am positive that if I had not got the bottle of cough medicine, my boy would not be on earth today. —JOEL DEMONT, Inwood, Iowa. For sale by C. W. Milhous.

## Improved Electric Lights.

A son of Abram S. Hewitt has invented an electric light which is said to make the present incandescent and arc light look like yellow gas jets. It consists simply of a glass tube, with a bulb at one end, into which gas generated from mercury is placed. The tubes thus filled are connected with the ordinary electric power. The gas acts as the conductor, and when the current is turned on the tube is flooded with light. The inventor says he can produce these lights at about one-eighth the cost of incandescent lights and one-third that of arc lights.

## A Good Recommendation.

"I have noticed, that the sale on Chamberlain's Stomach and Liver Tablets is almost invariably to those who have once used them," says Mr. J. H. Weber, a prominent druggist of Cascade, Iowa. What better recommendation could any medicine have than for people to call for it when again in need of such a remedy? Try them when you feel dull after eating, when you have a bad taste in your mouth, feel bilious, have no appetite or when troubled with constipation, you are certain to be delighted with the prompt relief which they afford. For sale by C. W. Milhous.

## Indiana's War Claim.

Governor Durbin, Attorney General Taylor and Auditor of State Hart will go to Washington to spend all next week in the interest of Indiana's civil war claim, amounting to \$700,000. The officials will meet the two Indiana senators and representatives and with these officials will try to hasten action on the claim.

"Little Colds" neglected—thousands of lives sacrificed every year. Dr. Wood's Norway Pine Syrup cures little colds—cures big chills too, down to the very verge of consumption.

## THE RUG DESIGNERS

PATTERNS DESCEND FROM PARENT TO CHILD IN THE ORIENT.

Reasons Why Animal Figures Are Rarely Seen on Persian Rugs. Prayer Rugs of the Mohammedans and Their Use—The Rugs of Sivas.

The designs of eastern rugs are often the spontaneous outcome of the fancy of the weaver. Sometimes they are handed down from one generation to another. In some cases young girls are taught the design by an adult, who marks it in the sand. At other times a drawing of the rug is made on paper, the instructor showing her pupils the arrangement of every thread and the color to be used. When all this has been done, the pupils must make the rug without looking at the drawing.

Persian rugs excel those of other countries in artistic design as well as in harmonious coloring. The Persians seem to have a natural intuition. In the use and blending of different shades, and in the designs that contain these certain colors they achieve the happiest results. It is really wonderful what exquisite fabrics these people, born and reared in ignorance and poverty, produce.

The designs in Persian rugs are generally floral, and in some districts, especially Fars, the women weavers invent the designs, varying them every two or three years. The Mohammedan religion does not allow any direct representation of animal forms, consequently rugs woven under its influence take floral, geometric and vegetable forms. The Shah sect of Moslems, however, numbering about 15,000,000, of whom 8,000,000 are Persians, do not regard representations of animals as unlawful. By the industry of this sect and that of the Kurds and all who disregard the law of the Koran animal forms are seen on some Persian rugs.

The prayer rug was evidently invented for the purpose of providing the worshippers with one absolutely clean place on which to offer prayers. It is not lawful for a Moslem to pray on any place not perfectly clean, and unless each one has his own special rug he is not certain that the spot has not been polluted. With regard to the purity of the place of prayer Mohammedans are especially careful when making their pilgrimages, the rugs which they take with them having been preserved from pollution by being rolled up until the journey is begun or until the hour for prayer arrives. It does not matter to these followers of Mohammed how unclean a rug that is on the floor may be, because over it they place the prayer rug when their devotions begin.

The Turkish rugs made at Sivas are always woven of wool, and almost every hamlet carries on the industry of weaving in the homes. There are no factories, the young girls and women doing the work here as in other parts of Turkey. Sivas rugs are in most cases small, measuring about eight by four feet, but in these years larger and more attractive rugs are being made. Even the poorest families have fine rugs, for they regard them as valuable property, to be sold only under the pressure of great extremity. The weavers are so frugal in their manner of living that their daily earnings of 15 to 20 cents is sufficient to supply their wants. Their food consists usually of rice and crushed wheat, with occasionally a small piece of mutton.

Smyrna is only a mart for the sale of comparatively inferior rugs that are made in the interior from the coarse hair of the Angora goat. These are woven in irregular designs and, although not artistic, are largely sought as coverings for the bare floors and to add warmth. The weaving of these rugs is crudely done by girls and women. Sometimes the loom is primitively constructed from the trunks of trees. The designs are very simple and have either been handed down from earlier generations or are supplied from the city.

Yuruk rugs are so called from a band of nomads who dwell among the mountains of Anatolia. They have large flocks of fine sheep and weave rugs of firm, even texture. The colors are very good, the field often of dark brown, or namented with large designs.

About 200 years ago small embroidery rugs were largely made in Persia, chiefly at Isphahan. These were prayer rugs, and on each of them, near one end, was a small embroidered mark to show where the bit of sacred earth from Mecca was to be placed. In obedience to a law of the Koran that the head must be bowed to the ground in prayer this was touched by the forehead when the presentation was made, and so the letter of the law was carried out. The custom prevails. The Persian women who weave the finest prayer rugs seldom weave any other kind of rug. —"Rugs, Oriental and Occidental."

## His Error.

Consumer—I say, what kind of a cigar do you call this? It's the worst tobacco I ever tasted.

Dealer—Beg your pardon, but you are wholly in error. There isn't a particle of tobacco in that cigar. It is so easy to be mistaken, don't you see? —Boston Transcript.

## Won.

He had gone to ask her father for her hand in marriage. "Well, sir, what is it?" snapped out the old man. "Remember, I am a man of few words." "I don't care if you're a man of only one word if it's the right one," replied the suitor. He got the girl. —Philadelphia Record.

## BOUND FOR THE FRONT.

An Incident Showing the Military Courage of the Montenegrins.

In military courage the Montenegrins probably stand at the head of European races. The best wish for a baby boy is, "May you not die in your bed!" and to face death is, to man or boy, only a joyous game. Says W. J. Stillman in his "Autobiography":

I have seen a man under a heavy Turkish fire deliberately leave the trenches and climb the breastwork, only to expose himself from sheer bravado.

While lying at headquarters at Orebuk, awaiting the opening of the campaign in 1877, I was walking one day with the prince, when a boy of 16 or 18 approached us, cap in hand.

"Now," said the prince, "I'll show you an interesting thing. This boy is the last of a good family. His father and brothers were all killed in the last battle, and I ordered him to go home and stay with his mother and sisters, that the family might not become extinct." The boy drew near and stopped before us, his head down, his cap in hand. "What do you want?" asked the prince.

"I want to go back to my battalion." "But," said the prince, "you are the last of your line, and I cannot allow a good family to be lost. You must go home and take care of your mother." The boy began to cry bitterly.

"Will you go home quietly and stay there," said the prince, "or will you take a flogging and be allowed to fight?"

The boy thought for a moment. A flogging, he knew well, is the deepest disgrace that can befall a Montenegrin. "Well," he broke out, "since it isn't for stealing, I'll be flogged." "No," said the prince, "you must go home."

Then the boy broke down utterly. "But," he cried, "I want to avenge my father and brothers!" He went away still crying, and the prince said: "In spite of all this he will be in the next battle."

## CHINESE PROVERBS.

Dig a well before you are thirsty. The ripest fruit will not fall into your mouth.

Great wealth means destiny. Moderate wealth means industry.

The pleasure of doing good is the only one which does not wear out. Water does not remain on the mountain nor vengeance in a great mind.

To nourish the heart there is nothing better than to make the desires few. When life comes, it cannot be declined. When it goes, it cannot be detained.

Good governments get the people's wealth, while good instructions get their hearts.

Those who labor with their minds govern others. Those who labor with their strength are governed by others.

A small bag cannot be made to contain what is large. A short rope cannot be used to draw water from a deep well.

Let every man sweep the snow from before his own door and not busy himself about the frost of his neighbor's tiles.

## Express Elevators.

To the man who is accustomed to buildings where staircases are still used as well as ornamental the speed of the "express" elevators in New York skyscrapers is disturbing. Recently an "up state" man, who was being shown about the city by a friend, was taken at last up to the sixteenth story of one of the high buildings. He went up in a "local" elevator, at moderate speed, but even that caused him to suffer many qualms before he stepped out on the firm landing. In coming down to street level again they took an "express." With one switch of the handle and a few sparks from the controlling apparatus they were deposited on the ground floor. The city man asked the other if "that was quick enough" for him. "Quick enough," he exclaimed. "Why, I ought just as well have jumped." —New York Post.

## A Ghostly Sat-Lite.

Under certain conditions there may be seen in the night sky, exactly opposite to the place where the sun may then be, a faint light, rounded in outline, to which the name "gegenschien" has been given. It has always been a mystery to astronomers, but Professor Pickering suggested that it may be a cemetery or meteoric satellite of the earth. He thinks it may be composed of a cloud of meteors 1,000,000 miles from the earth and revolving around it in a period of just one solar year, so that the sun and the ghostly satellite are always on opposite sides of the earth.

## A City of Boiling Springs.

Carlsbad has been humorously described as being built on the lid of a boiling kettle, which is almost literally true, as it stands on a crust of comparative thinness through which rise several mineral springs. The most abundant and most used of these springs is the Sprudel, which discharges 130,000 gallons a day of various temperatures. The water of the hot springs has been famous for more than a century as a "cure" for various complaints, and the town can nearly always boast of its royal visitors during the season from May 1 to Sept. 20.

## Don't Drink During Meals.

Be careful to limit the amount of water and fluids which you take during meals, since large quantities of these, especially ice water, hinder digestion. Not more than one glass of water should be taken during each meal. In order to quench the thirst which is so apt to clamor for water at meals an eminent authority suggests taking a glass of hot water fifteen or thirty minutes before meals. This acts especially well in the morning, as it cleanses the stomach. —Ladies' Home Journal.

# GIVE HER A CHANCE!

County President W.C.T.U., Mrs. H. F. Roberts, of Kansas City,

Says to All Sick Women: "Give Mrs. Pinkham a Chance, I Know She Can Help You as She Did Me."

"DEAR MRS. PINKHAM:—The world praises great reformers; their names and faces are in the ears of everybody, and the public press helps spread the good tidings. Among them all Lydia E. Pinkham's name goes to posterity with a softly breathed blessing from the lips of thousands upon thousands of women who have been restored to their families when life hung by a thread, and by thousands of others whose weary, aching limbs you have quickened and whose pains you have taken away."

MRS. H. F. ROBERTS.

"I know whereof I speak, for I have received much valuable benefit myself through the use of Lydia E. Pinkham's Vegetable Compound, and for years I have known dozens of women who have suffered with displacement, ovarian troubles, ulcerations and inflammation who are strong and well today, simply through the use of your Compound. I feel sure you will never know one-half the good you have done humanity, and I only wish every suffering woman could know what you can do for her, would she only just give you the chance. Fraternally yours, Mrs. H. F. ROBERTS, 1304 McGee St., Kansas City, Mo."

Women, do you realize the generosity of Mrs. Pinkham's freely offered advice?

Don't hesitate to write to Mrs. Pinkham. She will understand your case perfectly, and will treat you with kindness. Her advice is free, and the address is Lynn, Mass. No woman ever regretted having written her, and she has helped thousands. Her medicine, Lydia E. Pinkham's Vegetable Compound, is the true help for nervous, sick and ailing women. It regulates the monthly sickness and overcomes all those uterine derangements that excite the nerves. This is the easy and the right way to get the help you need. Read the letters from the women she has helped.

When women are troubled with irregularities, suppressed or painful menstruation, weakness, indigestion, leucorrhoea, displacement or ulceration of the womb, inflammation of the ovaries, general debility, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues, and hopelessness, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles. Refuse to buy any other medicine, for you need the best.

**\$5000 REWARD**  
Owing to the fact that some skeptical people have from time to time questioned the genuineness of the testimonial letters we are constantly publishing we have deposited with the National City Bank, of Lynn, Mass., \$5,000, which will be paid to any person who will show that the above testimonial is not genuine, or was published before obtaining the writer's special permission. —Lydia E. Pinkham Medicine Company, Lynn, Mass.

The Swiss Bell Ringers did not reach Seymour last evening owing to the delay of their train beyond Indianapolis causing them to miss connection with the Louisville train. Their inability to be here was learned by long distance telephone after supper, too late to make announcement in the papers. They will fill their engagement here at some later date. They would have had a very good crowd last night and may have a better one when they do come.

Declare Peruna to Be The Greatest Catarrh Remedy of The Age.

Hon. M. C. Butler, ex-Governor of South Carolina, in a letter from Washington, D. C., says: "I can recommend Peruna for dyspepsia and stomach trouble. I have been using your medicine for a short period and I feel very much relieved. It is indeed a wonderful medicine, and besides, a great tonic."

U. S. Senator Stephen R. Mallory, Pensacola, Fla., says: "I have used your excellent remedy, Peruna, and can recommend it both as a tonic and a safe catarrh remedy."

Hon. William Youngblood, Auditor for the Interior, writes from Washington, D. C., to Dr. Hartman, Columbus, O., as follows: "I've often heard of your great medicine and have persuaded my wife, who has been much of a sufferer from catarrh, to try Peruna, and after using one bottle she has wonderfully improved. It has proved all you have claimed for it."

Hon. Rufus B. Merchant, Superintendent and Disbursing Officer, U. S. Post-office, Washington, D. C., says: "I take pleasure in commending your tonic, having taken a bottle of Peruna with very beneficial results. It is recommended to me as a very excellent catarrh cure."

## Digests what you Eat

### Dyspepsia Cure

In speaking of indigestion, Dr. Lewis says: "It is deplorable that so many hundreds of thousands of Americans suffer from indigestion. It means that the blood of the nation is becoming impure; for undigested food poisons the blood. Unless a method is devised for overcoming this malady, our race must deteriorate."

Many persons use soda tablets to neutralize fermenting food; this only makes a chemical receptacle out of the stomach, and injures its sensitive structures. Others feed on pepsin, which is better, but not sufficient, for it digests only albuminous foods.

The preparation best fitted to relieve and absolutely cure indigestion is KODOL DYSPEPSIA CURE. It contains every known digestant and digests every kind of food. Its use is a common sense method of treating all stomach troubles, and the results are always certain.

**NO MOTIVE KNOWN**  
**Desperate Assault on Adams County Farmer a Mystery.**  
Decatur, Ind., Jan. 11.—A desperate attempt was made to assassinate Oliver Sheets, a farmer, living nine miles north of this city. At an early hour the door leading to the sleeping room of Mr. and Mrs. Sheets was battered down with a fence rail and three men forced their way in. Five shots were fired at Sheets, one bullet striking him in the left arm and breaking both bones. When the door was hammered down the wind blew out the light, and Sheets and his wife were unable to see the faces of their assailants. An overcoat and a mitten, together with a Chicago & Erie lantern, were found in the yard in the morning, and a hat was also found in the grape arbor. There is no clue to the identity of the would-be assassins, and no motive for the desperate deed is known.

## REPUBLICAN CONVENTION.

### Fourth District Will Organize January 15.

The Republicans of the Fourth Congressional District of Indiana will meet in Delegate Convention, in the City of North Vernon, Indiana, on Wednesday, January 15th, 1902, at 10 o'clock a. m., for the purpose of selecting a member of the Republican State Central Committee for said District.

The basis of representation to this Convention will be one delegate and one alternate delegate for each 200 votes, or a fraction over 100 votes cast for Hon. Hugh H. Hanna for Presidential Elector at the November election, 1900.

The following is the appointment of delegates upon said basis for the several Counties in said convention.

The County Chairman in each county is requested to issue a call for Friday or Saturday, the 10th or 11th of January, 1902, at such place or places, and at such a time as may be designated by the County Committee, for the purpose of selecting delegates to the District Convention.

THOS. MCNUTT, Chairman Fourth District.

## A CASE OF IT.

Many More Like It in Seymour.

The following case is but one of many similar occurring daily in Seymour. It is an easy matter to verify its correctness. Surely you cannot ask for better proof than such conclusive evidence.

James Pollard, of Cincinnati Ave., railroad employe, says: "For many years off and on I suffered from lameness across the loins and sharp twinges of pain in my back ever time I made a sudden movement. I could lift nothing of any weight and there was lack of ambition to do anything. At times the pains felt as though some one was plunging a bradawl into me. Any little cold or exposure brought on an attack and caused me acute suffering. I had heard about Doan's Kidney pills and procured them at C. W. Milbourn's drug store. They proved just the remedy I needed and soon relieved me of the whole trouble. My kidneys have been regular and normal ever since and I can sleep all night without being disturbed."

For sale by all dealers, price 50 cts Foster-Milburn Co., Buffalo, N. Y. sole agents for the U. S. Remember the Doan's and take no other.

## He Won Their Trade.

A Grand Rapids (Michigan) furniture began advertising his office furniture six years ago, spending \$10 a month for newspaper "ads." Gradually his advertising brought such results that he now spends more than \$5,000 a month for space in the leading newspapers. He has succeeded in winning a trade which other manufacturers could have had by advertising in their home newspapers. In this day men have to advertise not only to secure more business, but to save what trade they may have.

## TOLD IN SEYMOUR.

It's the Evidence of Seymour People Published in Seymour Papers that Has Made Such a Reputation for Dr. A. W. Chase's Nerve Pills.

Standing clear and distinct, marking the difference, the superior merit, the adaptability to present day ailments is the volume of local testimony for Dr. A. W. Chase's Nerve Pills. It is so different to the ordinary remedies referring to cures made at distant points which it is hard to verify. There is a reason for Dr. A. W. Chase's Nerve Pills commanding home evidence wherever they are known. It is their wonderful influence in bringing up the standard of Nerve force. Mr. Phillip Briner, of No. 572 Pine street, south, Seymour, Ind., says: "I have been troubled for some time with severe nervousness and dizziness. I heard of Dr. A. W. Chase's Nerve Pills and got a box at A. J. Pellen's drug store. Now after using them I can say my nervous system has been toned up and as a result I am relieved of the dizziness. I consider these pills an excellent nerve medicine."

Dr. A. W. Chase's Nerve Pills are sold at 50 c. a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D. are on every package.

## Divorce Statistics.

The Chicago Herald calls attention to recent statistical disclosures regarding divorces in this country. Perhaps the most interesting of these statistics, because compiled under State authority, are embodied in the report of the State Statistician of Indiana. This report shows that during the year ending on June 30, 1901, the total number of marriages in the State was 24,007 and the total number of divorces granted was 3,000, or about 13 percent. The divorces granted to wives were 1,907, to husbands 659, while 383 were granted upon mutual desire for separation.

In a single year the divorces granted in this country were nearly twice as many as those granted in all the other countries of the world. The divorce statistics of one year show that in the United States 23,472 divorces were granted; in France, 6,245; in Germany, 6,161; in Russia, 1,789; in England, 508.

## New Canning Factory.

Philip Lester was a caller Monday. He says that the canning factory people at Little York are going right ahead getting material ready for the building and that it will be the largest canning factory in southern Indiana. There will be 400 or 500 acres of tomatoes put out this year in Gibson township and the enterprise is expected to be a great industry for the town of Little York.—Salem Leader.

## School Outfit.

There are 10,000 school houses in Indiana, of which 93 are stone; 4,820 are brick, 5,086 are frame; and 5 are log. The total estimated value of school buildings and grounds is \$21,669,027, and of school apparatus is \$1,131,228. There are 15,979 teachers, and there is a daily attendance of 425,000 pupils. The entire state averages 140 days of school each year.

By new process alcohol is now manufactured from fruit, grain, beets and even wood, at 15 cents a gallon. Its heating power is equal to two gallons of petroleum.

Alvin Joslin was heard by only a fairly good crowd last night. The crowd was generally pleased with the performer.

James B. and John Thompson have qualified as administrators of the estate of their mother, Mrs. Archibald Thompson. Their bond was placed at \$60,000.

The Band Saw Mill has more logs on the yard than ever before at this season.

J. F. Cordell and wife, of Bartholomew county, who have been here on business returned home this forenoon.

## A Strong Woman

Iowa City, Iowa, Aug. 15, 1900  
My wife was sick for three years. We tried everything without relief and spent much money. My wife tried Wine of Cardui and four bottles cured her. She took two more bottles, knowing she would have to work hard during the hay harvest. She attended to all her household duties and loaded and unloaded all the hay. This medicine gave her strength. Formerly she was weak and tired and could hardly get about, but since she has been taking Wine of Cardui she feels better and stronger than when 20 years of age. JOS. A. EISENHAFER.

Mrs. Eisenhafer had tried everything during her three years sickness and had spent considerable money. She was weak and could hardly get about for three years before she took

## WINE OF CARDUI

Now, after taking the Wine of Cardui, she can work with her husband in the hay field. That is hard work, but it is not as injurious to a woman's health as labor in stores, factories and offices where thousands of girls are doing confining year after year. With the aid of Wine of Cardui a woman can do any reasonable work and enjoy good health. The health that Wine of Cardui brings makes a woman vigorous in body and mind. Freed from those terrible devastating pains a woman grows well and strong naturally. Wine of Cardui regulates the disordered menstruation and cures leucorrhoea, falling of the womb and periodical pains in the head and back caused by standing or sitting a long time in the same position. The Wine of Cardui puts the bowels, stomach, liver, kidneys and blood in proper shape. Greatly increased strength and endurance is the natural result. Most cases are cured quickly. All druggists sell \$1.00 bottles of Wine of Cardui and 25 cent packages of Theodor's Black-Draught.
